Date of birth: 30/05/1999

Citizenship: Australia, Great Britain, New Zealand

Languages: English

Non-smoker

Marital status: Single

No tattoos

## PROFILE

I grew up sailing on the waters of Port Phillip from a very young age and have been hooked ever since. Fuelling a competitive personality, I have competed in many classes including Int. Cadet, 29er and currently 49er and have enjoyed success locally, nationally and internationally. Striving to be the best athlete that I can be in all classes I compete in, I have developed a keen interest in foiling; both through watching the development at the current America's Cup and more recently, being selected to participate in the International Foiling Camp held in New Zealand.

Currently training and competing in the 49er, Foiling Nacra and Flying Phantoms I continue to have a strong interest in both Skiff and Foiling Classes and would relish the opportunity to sail professionally in Europe sometime in the future. I have also developed an interest in developing my skills in Match Racing.

## EDUCATION

Completed secondary education at Williamstown High School; scoring an ATAR of 90.65.

## WORK EXPERIENCE

I currently work as a Sailmaker's Apprentice for Doyle Sails Australia in the Melbourne loft. I have also undertaken vocational work as a labourer in home renovations and casual coaching when time permits.

## YACHTING EXPERIENCE

During my sailing career I have been fortunate enough to experience many areas of the sport including skiffs, dinghies, keelboats, team racing, match racing, naval cadets, coaching and more recently, the new foiling Wazps and Nacra 20s.

### Dec 2017 – Feb 2018
